# 340B Prescription Program

Community Health Centers of Greater Dayton (CHCGD) participates in a program that helps our patients receive discounts on prescription medications.

**Participation in the program can save patients 20% - 50% on the cost of prescription medications**

**It's easy to start saving—no paperwork or applications necessary!**

- Uninsured patients may be able to obtain medications at a significantly discounted rate through this program.
- If you have commercial insurance coverage, using this program can help you too. If a medication is not covered by your insurance carrier, you are eligible for the discounted cash price at our partner pharmacies.
- Patients with Medicaid, including Buckeye, CareSource, Molina, Paramount, and UHC, will not receive any savings under this program because medications are already discounted.

Have questions? Please contact our case manager at  
937-461-4336 ex. 1043

**Visit our website for a complete up-to-date listing of all our local pharmacy locations and addresses.**
